

PRESS TO CHECK™

DAILY FACE-FIT REASSURANCE™

Face fit testing is reassuring but how can you be sure that you have donned the mask correctly each time you wear it? With Press To Check™ filters you can instantly check that you have the correct seal every time you don your mask before entering the hazard zone.

✓ FIT IT

DON THE MASK - Put the straps and harness over your head and pull the straps to a suitably tight and comfortable fit.

✓ PRESS IT

PRESS TO CHECK™ - Press the front and backs of both filter covers together to stop air from entering through the filters.

✓ CHECK IT

INHALE - No air should come through the mask. 1 look forward and adjust the mask until a seal is created. Repeat this process whilst looking 2 up, 3 down, 4 left and 5 right to complete the check.

SEMI-DISPOSABLE MASK GUIDE

BENEFITS INCLUDE:

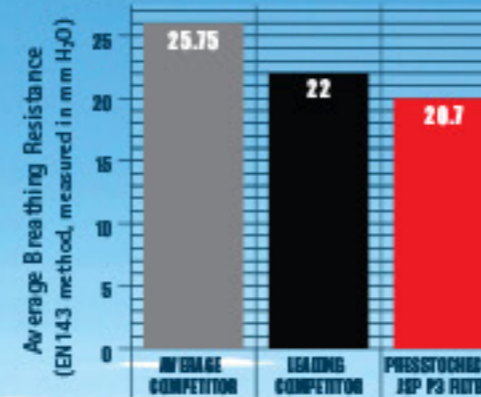

- ✓ LONGER LIFE/GREATER FILTER EFFICIENCY
- ✓ BETTER PROTECTION IN WET ENVIRONMENTS
- ✓ LESS CHANCE OF DAMAGE FROM FOREIGN OBJECTS
- ✓ RESISTANCE TO CLOGGING FROM VERY FINE DUST ENVIRONMENTS (PASSES DOLOMITE TEST)
- ✓ IMPROVED HYGIENE

CARTRIDGE PERFORMANCE

THE PRESS TO CHECK™ FILTER ALLOWS AIR TO FLOW ACROSS THE FULL AREA OF THE FILTER MATERIAL

PRESS TO CHECK™ CARTRIDGE INHALATION RESISTANCE PERFORMANCE COMPARISON
Performance based on single filter cartridge at 47.5 LPM (Litres per minute).
