

Safety Cans & Material Handling Solutions

Essential Industrial Safety Products

For 125 years, Eagle Manufacturing Company has continued the tradition of providing innovative quality products and services to our customers. Although times are much different today than they were when the company started in 1894, our early mission of Protecting People, Property and the Planet® has served our customers well through the years. In support of this mission, and to keep our customers as priority one, we continue to strive toward excellence and quality in all that we do.

New product innovation requires expanded production capacity, and expanded capacity requires new manufacturing, warehousing and distribution space. In past couple of years, we have expanded our plastics production capacity and our distribution centre to nearly 100,000sqf, and we have added a 50,000sqf fabrication centre with engineering testing lab.

Index And Guide

Start with the EssentialSM

A Growing Justrite Family

In recent years we have grown, expanding Justrite Safety Group through the acquisition of other strong, valuable companies. Because of these exciting changes, we want to share our story with you—one of an unrivalled safety portfolio, expertise in environmental protection, a global network of brands, and a steadfast dedication to our customers' safety.

Start with the EssentialSM

The essence of our company is captured in a new tagline: Start with the EssentialSM. At Justrite, everything starts with safety. Protecting people, property and the planet is our first and greatest responsibility. We provide the essential safety products you need to protect your workers and workplace.

Our company logo has recently evolved. The new logo honours our heritage in fire safety, while reflecting our expertise in containment and environmental protection.

For more information, please visit: www.buyjustrite.eu.

Justrite Safety Group offers industrial safety solutions and expert advice from our portfolio companies around the world.

We cover every facet of the industrial safety landscape—from the storage, containment and clean-up of hazardous materials to motion safety and emergency showers.

Whatever your needs, we can help you build the foundation of a safe, productive workplace.

Down-to-Earth

Safety Cans & Containers

Safety Cans & Containers

For nearly 60 years, our Safety Can product line has been an industry leader of galvanized Type I and Type II Safety Cans that meet OSHA and NFPA Code 30 requirements and are UL and ULC listed and FM Approved for safe storage and handling of flammable liquids.

Eagle offers FM Approved Compliance Solutions in a variety of poly and stainless cans, lab cans, faucet cans, disposal cans, plunger, bench & daub cans, and polyoily waste cans to help keep your personnel and facilities protected. Made in the USA.

Lab Cans

Stainless Steel Lab Can with Stainless ECO Faucet and Neoprene Gasket

Eagle's Stainless Steel 3.8L Lab Safety Can reduces the danger of explosions resulting from the ignition of vapours of flammable liquids.

- Constructed of 316 stainless steel
- Ideal for use in scientific, industrial, and hospital laboratories
- Oblong shape conserves shelf space
- FM approved and meets OSHA requirements
- Compliance: OSHA 29 CFR 1910.106, 1925.152 & NFPA Code 30

Capacity (L)	H x W (cm)	Weight (kg)	Steel
3,8	23 x 20	1.7	1301

1301

Faucet Cans

Stainless Steel Can and ECO Faucet with Neoprene Gasket

Eagle 19L Stainless Steel Faucet Safety Can with Stainless ECO Faucet and Neoprene Gasket helps control dispensing of flammable liquids into small capacity vessels.

- Stainless Steel
- Variety of drip-free self-closing dispensing faucet styles available
- FM approved

Capacity (L)	H x W (cm)	Weight (kg)	Steel
19	23 x 20	4	1327

1327

Disposal Cans

Eagle's Stainless-Steel Disposal Cans provide an intermediate station for temporary storage of liquid wastes.

- Spout cap opens to a wide 80-degree angle and can be locked open for conveniently emptying various type containers
- All cans are equipped with a frame arrestor
- Cap assembly opens automatically to relieve excessive internal vapor pressures
- FM Approved

Capacity (L)	H x W (cm)	Weight (kg)	Steel
9.5	30.5 x 29	4	1323
19	46 x 29	4.6	1325

1323

1325

Poly Safety Plunger Cans

Eagle Safety Plunger Cans are ideal for cleaning with flammable or volatile fluids. They feature brass flame arrestor dasher screens and pump assemblies.

- When the dasher plate is pushed down, the safety can dispense a small amount of liquid to easily moisten sponges or rags without messy or dangerous spills
- Body constructed of High-Density Polyethylene (HDPE)
- FM approved
- Complies with OSHA standards

Capacity (L)	H x W (cm)	Weight (kg)	Steel
1	25 x 13	0.9	P-771
19	25 x 13	0.9	1325
3.8	33 x 20	1.9	P-714

P-711

P-712

P-714

Poly Waste Cans

Poly Oily Waste Cans offer fire safe temporary storage of solvent, waste rags, shavings and other materials subject to spontaneous combustion.

- High Density Polyethylene (HDPE) construction
- Will not rust or dent and are resistant to most chemical compounds
- Features a self-closing lid with foot lever
- Available in red, yellow and black
- FM Approved
- Compliance: OSHA 29 CFR 1910.125(e)(4)(ii) and OSHA 29 CFR 1910.125(e)(4)(iii)

Capacity (L)	H x W (cm)	Weight (kg)	Red	Yellow	Black
22,9	41 x 42	4	933-FL	933-FLY	933-FLY
37,9	46 x 56	6,4	935-FL	935-FLY	935-FLY
53	53 x 56	7	937-FL	937-FLY	937-FLY

Biohazardous Waste Cans

Eagle Biohazardous Poly Waste Cans are constructed of red high-density polyethylene (HDPE) and offer safe temporary storage of potential biohazards.

- BIOHAZARDOUS sticker on the front to advise workers of potential biohazards
- Meets OSHA requirements for exposures to blood borne pathogens
- Will not rust or dent, are resistant to most chemical compounds
- Have no seam for a leak proof construction
- Features self-closing lid with foot lever
- Flared base for added stability
- FM Approved

Capacity (L)	H x W (cm)	Weight (kg)	Red
22.8	41 x 42	4	943BIO
37.9	46 x 56	6.4	945BIO
53	53 x 56	7.3	947BIO

Overpacks & Material Handling Solutions

Trusted

Overpacks & Material Handling Solutions

For nearly 30 years, Eagle Manufacturing's ever-growing Poly Drum product line has handled both hazardous and non-hazardous storage needs for customers by offering Lab Packs, Overpacks and other solutions.

The lab packs are available with plastic lids and the overpack drums are available with metal bands or screw-on lids. All models are constructed of chemical resistant high-density polyethylene (HDPE) with UV inhibitors, are durable and lightweight and available in yellow, blue and black.

All drums feature:

- Blow-molded HDPE construction
- Chemical & weather resistant
- HDPE incinerates completely
- United Nations (UN) Certified to HM-181
- Operating temperature range (-40°F/-34°C to 140°F/54°C)
- Drop tested – max weight at 0°F/-17°C (48 hours)
- Approved for use with Packing Groups I, II and III
- UV Protection Package
- UL 94HB Flammability Rating
- Nestable for ideal storage (except model 1656)
- FDA 21 CFR 177.1520 Food Grade Quality
- Stack tested – three high at maximum weight

Eagle drums are ideal for:

- Safe storage, handling and transportation of hazardous materials
- Spill containment and clean-up of hazardous materials
- Spill kit containers
- Original shipping containers
- Biowaste disposal and incineration

Lab Packs with Screw-On Lids

Eagle Lab Pack Drums are constructed of yellow blow-moulded, high-density polyethylene (HDPE) with UV inhibitors and a screw-on lid.

- Durable and lightweight
- Weather and chemical resistant
- Ideal for safe storage, handling and transportation of hazardous materials, spill containment and clean-up of hazardous materials, original shipping container, bio waste disposal and incineration
- CoLab Packs/Open Head Drums- for use with smaller non-dam aged bottles, cans, carboys and 5-gallon pails of non-leaking hazardous materials - if leaking, must pack with enough sorbents for - NO FREE LIQUIDS

Capacity (L)	H x W (cm)	Weight (kg)	Yellow
75.7	25 x Top 52 x Bottom 43	6	1650
113.6	72 x Top 57 x Bottom 42	6	1600SL

Overpacks with Screw-On Lids

Eagle Overpack Poly Drums are constructed of yellow blow-moulded, high-density polyethylene (HDPE) with UV inhibitors and a screw-on lid.

- Durable and lightweight
- Weather and chemical resistant
- Ideal for safe storage, handling and transportation of hazardous materials, spill containment and clean-up of hazardous materials, original shipping container, bio waste disposal and incineration
- Overpacks - for use with larger non-damaged containers, can and drums of non-leaking hazardous materials - if leaking, must pack with enough sorbents for - NO FREE LIQUIDS

Capacity (L)	H x W (cm)	Weight (kg)	Yellow
247	86 x Top 79 x Bottom 67	20	1661
361	105 x Top 79 x Bottom 66	22.5	1690

Wall Protectors and Corner Protectors

Rack Guards

Eagle Rack Guards are designed to help prevent rack and shelving damage from forklifts and pallet trucks.

- Constructed of yellow High Density Polyethylene (HDPE)
- Quick and easy snap on design
- No tools required for installation
- Can be stacked to desired height to comply with the international standard of 40.6cm
- Narrow profile minimizes interference with valuable storage space

Model	Fits Racking (W x L x D) cm	Dimensions (W x L x D) cm	Weight (kg)
1702	3.8 x 7.6	115.3 x 12.7 x 20.4	0.9
1703	7.6 x 7.6	15.3 x 12.7 x 20.4	0.9

Column

Affordable protection for warehouse and factory columns, posts and beams. Absorbs impact from tow motors, minimizing column, fork truck, and personnel damage and injury.

- Blow-moulded 100 percent high-density polyethylene
- Resistant to most chemicals
- Features key-lock to prevent slippage and assist with installation alignment
- Available to fit 10 cm, 15 cm, 20 cm, 25.4 cm and 30.5 cm round or square supports
- No tools required
- Two halves attach with easy-to-install straps
- Tested with fork truck: 3855.5 kg at 8 kph
- Replace if damaged
- Protectors come in yellow with black straps, and orange or lime green with high-visibility reflective straps

Model	Item	Dimensions (W x L x D) cm	Weight (kg)
1704	Column protector for 10-15 cm Column	33 x 33 x 106.7	7.6
1706	Column protector for 15 cm Column	61 x 61 x 106.7	18.2
1708	Column protector for 20 cm Column	61 x 61 x 106.7	18.2
1709	Column protector for 21 cm Column	61 x 61 x 106.7	18.2
1710	Column protector for 25 cm Column	61 x 61 x 106.7	18.2
1712	Column protector for 30.5 cm Column	61 x 61 x 106.7	18.2

Poly Curb Ramp

Provides an ergonomically correct method to move heavy loads over curbs or up steps.

- Raised surface for excellent traction in all weather conditions
- Lightweight at just 4 kg
- Two handles with rounded edges make for easy pick up, carrying and handling
- Features 2.5 cm side rails for added safety

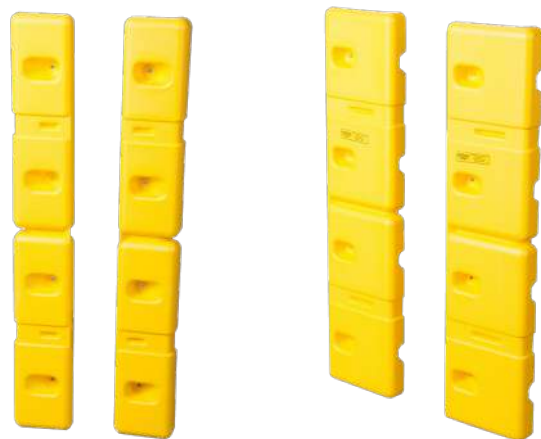

Max Load (kg)	Dimensions (W x L x D) (cm)	Weight (kg)	Yellow
453.6	68.6 x 68.6 x 10.2	4	1794

Wall Protectors

Our wall protectors help prevent damage to walls in areas with forklift, hand truck or drum traffic.

- Made of high-visibility yellow, high-density polyethylene
- Never need painting; and resist cracking and chipping
- Can be mounted end to end and feature unique energy absorbing construction.
- Set of two
- Anchors not included

1726

1728

Description	Dimensions (W x L x D) (cm)	Weight per set (kg)	Yellow
6" Wall Protector (set of two)	15.3 x 106.7 x 5.1 (each)	3.7	1726
10" Wall Protector (set of two)	25.4 x 106.7 x 5.1 (each)	6.4	1728

Corner Protectors

HDPE Corner Protectors deflect the impact, helping to protect plant areas prone to damage by fork truck, hand truck or personnel traffic.

- Made of high-density polyethylene
- Provide easy installation with bolts or optional straps (not provided)
- Two sizes to meet most needs sold in sets of two
- Inside measurement 10.2 cm x 20.3 cm and outside measurement 15.2 cm x 25.4 cm

1720

1725

Description	Dimensions (W x L x D) (cm)	Weight per set (kg)	Yellow
21" Wall Protector (set of two)	53.3 x 15.2 x 25.4 (each)	4.6	1720
42" Wall Protector (set of two)	106.7 x 15.2 x 25.4 (each)	9.1	1725
