

SAFETY SYSTEM®
YOUR PROTECTOR

SAFETY FOOTWEAR

FULL RANGE

WE PRODUCE WITH PRIDE FOOTWEAR THAT PROTECT YOU

From our Research & Development department we engage resources to create products featuring high levels of performance, but with an increasing attention to design and comfort.

For over forty years, through continuous experimentation, we are dedicated to a noble mission, to protect those on the front line engaged in high-risk working environments.

This will be our contribution to improving the quality of life of the working people and and create a better world for them.

» SIR FUTURE

MB3013 TONGA S3 SRC
 Toecap: aluminium
 Puncture-proof: composite
 Sizes: 35-48

- Main features:**
- The patented Responder® technology used in the midsole and footbed of the series creates an outstanding responsive cushioning, extreme lightweightness and flexibility over the entire surface of the foot, thus assuring excellent performance even after prolonged and intense use.
 - The heel stabilizer prevents foot fatigue and improves foot stability.
 - The "Faster" closure system allows to adjust the fit perfectly, even when wearing gloves.
 - Responder® footbed is made of a special compound bonding together thousands of E-TPU beads with high elasticity and resilience properties. Lined and perforated in the plantar area with remarkable antishock properties.

Sole
 Midsole: Responder® Technology
 Outsole: Rubber

Recommended for
 Any working environment

MB3016 SNAKE S3 SRC
 Toecap: aluminium
 Puncture-proof: composite
 Sizes: 35-48

» OVERCAP BSF

MB2812 REX S3 SRC
 Toecap: glass fibre
 Puncture-proof: composite
 Sizes: 38-48

- Main features:**
- Solid and modern design: suitable for very rough terrains.
 - The very wide shape assures comfortable fit for any kind of feet.
 - BASF polyurethane of the midsole assures high antishock performance, lightweightness and resistance.
 - BASF TPU of the outsole assures great grip.
 - TPU overcap protects the front part leather from shocks.
 - Fly Foam footbed in polyurethane foam with antishock properties.

Sole
 Midsole: BASF polyurethane
 Outsole: BASF TPU

Recommended for

- Construction and road works
- Heavy mechanical industry
- Petrochemical industry

MB1522 MONIX S1P SRC
Toecap: glass fibre
Puncture-proof: composite
Sizes: 35-47

MB1518 NAOMI S1P SRC
Toecap: steel
Puncture-proof: steel
Sizes: 35-47

Main features:

- The particularly wide and comfortable shape assures robustness.
- The overcap protects the footwear from shocks.
- Suited for all types of industrial activities.
- Footbed in multi-perforated EVA material, with antishock properties.

Sole

Midsole: Polyurethane
Outsole: Polyurethane

Recommended for

- Agriculture, landscaping, forestry
- Construction and road works
- Heavy industry
- Tertiary, crafts

Puncture-proof: composite
Sizes: 39-47

MB2317 FIREWORKS S3 HRO SRC
Toecap: glass fibre
Puncture-proof: composite
Sizes: 39-47

Main features:

- Extra wide fit
- Designed for environments in presence of hydrocarbons and chemicals.
- The two-component sole promotes cushioning and prevents shocks.
- The outsole in nitrile rubber is resistant to hydrocarbons as well as slip resistant on wet surfaces.
- Footbed in EVA and rubber with remarkable antishock properties.

Sole

Midsole: Polyurethane
Outsole: Rubber

Recommended for

- Construction and road works
- Heavy industry
- Foundries
- Welding activities
- Petrochemical industry
- Works at height

S3 

MB1323 CHAMPION FOBIA S3 SRC
Toecap: glass fibre
Puncture-proof: composite
Sizes: 35-50

Main features:

- The lightest range in the market, thanks to the low thickness sole.
- Flat outsole suited to smooth surfaces.
- Anatomic and breathable Air-Mix footbed, thanks to the EVA material that gives the shoe remarkable antishock properties.

Sole

Midsole: Polyurethane
Outsole: Polyurethane

Recommended for

- Smooth surfaces
- Light industry
- Logistics

MB3117 MYTHOLOGY S3 SRC
Toecap: glass fibre
Puncture-proof: composite
Sizes: 35-47

Main features:

- The modern and futuristic BASF polyurethane sole represents the synthesis of elegance and safety.
- Upper made of the latest technological materials, designed to offer a high level of comfort through breathability and elasticity.
- Fly Foam footbed with polyurethane foam with antishock properties.
- Suitable in all situations of prolonged use, thanks to the antishock effect of the BASF material.

Sole

Midsole: BASF Polyurethane
Outsole: BASF Polyurethane

Recommended for

- Light industry
- Logistics
- Transports

S3

MB2017 LIME ARMOUR S3 SRC
 Toecap: glass fibre
 Puncture-proof: composite
 Sizes: 36-47

Main features:

- High durability cap system: high durability overcap in TPU.
- Rear support in TPU to optimize stability in the heel area.
- Sole with remarkable anti-fatigue features thanks to the EVA midsole.
- Suitable for smooth surfaces, characterised by soles with a low degree of roughness.
- Footbed in two-component material with shell in polyurethane foam and memory PU featuring remarkable antishock properties.

Sole

Midsole: EVA
 Outsole: Rubber

Recommended for

- Construction and road works
- Light industry
- Logistics
- Tertiary, crafts

Safety in Style

S1P

MB2921 RODOS S1P SRC
 Toecap: steel
 Puncture-proof: composite
 Sizes: 36-46

Main features:

- The flat design of the outsole makes it suitable for smooth terrains, characterised by soles with a low degree of roughness.
- Excellent breathability thanks to the polyester mesh lining.
- Footbed in polyurethane foam with honeycomb structure to promote air circulation.

Sole

Midsole: Polyurethane
 Outsole: Polyurethane

Recommended for

- Works at height
- Logistics
- Maintenance

MB1313 PRELUDE S2 SRC
 Toecap: glass fibre
 Sizes: 35-47

MB1311 EVOK S2 SRC
 Toecap: steel
 Sizes: 35-47

Main features:

- Flat outsole for easy cleaning, ultra slim to increase flexibility and reduce strain.
- Self-cleaning tread allows the evacuation of liquids and impurities.
- Infinite horizontal grooves to allow drainage of liquids.
- Slip resistant design.

Sole

Midsole: Polyurethane
 Outsole: Polyurethane

Recommended for

- Healthcare and food industry
- Chemical and pharmaceutical industry
- Electronic industry
